Review Minutes from last week – Approved as amended

Mrs. Rosa – Building Committee meeting from last night June 15, 2016 – Ali Golz from the Town Hall Administration Dept will check with Jack Healy about the status of hiring an Owners Project Manager at some point today.

The town has made a priority of having new buildings built for the following services in Freetown – Town Hall, Library, Police Station and Senior Center. Also requested for the very near future at the Senior Center would be a large 400 sq ft shower for use when the Sr. Center is used for disaster relief. Also discussed was the rejection of using the old school house next to the Town Hall as a permanent library in town due to lack of room for growth, major construction costs and it would still require use of Hathaway library.

Building Program Document completion is imperative as soon as possible – A deadline date to be determined at next meeting.

Request by Mrs Rosa to have photos taken of each library to inset into the document – Mr Zinni will handle that request.

Motion to Adjourn – Mrs Fournier - Second of the Motion – Mr. Zinni
